Subject: Re: CATERING MAINTENANCE REPORT

Hi Lawrence

Testimonial as requested!

I contracted Catercare to service our school kitchen equipment. Lawrence quickly turned around the quotes, the service was scheduled when convenient to the school, the guys doing the services turned up as agreed, worked quickly, efficiently and neatly. The report was received promptly, was clear, concise and easy to understand. All together a great service! We'd definitely use them again and would recommend this friendly efficient company.
